Work customarily performed by this industry, including earthwork activities (excluding tunneling and mining, special foundations and load bearing elements); utility systems including installation of drainage systems; exterior improvements (excluding plantings) including horizontal paving work not requiring mortar; site preparation and site remediation.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.
